This document sets out the terms, conditions, exclusions, and definitions applicable to your health, auto, and home insurance coverage. Please read this document carefully and retain it for your records.

COVERAGE OVERVIEW

This policy provides coverage for the following benefit types, subject to the terms, conditions, and exclusions set out in this document:

Hospital & Surgical Benefit

Covers inpatient hospitalisation, surgical procedures, operating theatre charges, anaesthesia, and post-operative care. Subject to policy limits and pre-authorisation requirements for elective procedures.

Supplementary Major Medical (SMM)

Extended coverage for major medical expenses exceeding the base Hospital & Surgical limits, including specialist consultations, advanced diagnostic imaging, and intensive care.

Clinical Benefit

Covers outpatient clinical consultations, prescribed medications, diagnostic tests, and preventive health screenings as specified in the benefit schedule.

Maternity Benefit

Coverage for pregnancy-related expenses including prenatal care, delivery (normal and caesarean), and postnatal care. Subject to a 10-month waiting period from the coverage start date.

Dental Benefit

Covers routine dental examinations, cleanings, fillings, extractions, and basic restorative dental work as specified in the benefit schedule.

Network Dental Benefit

Enhanced dental coverage available exclusively through participating network dental providers, with reduced co-payments and extended coverage for orthodontic and periodontic treatments.

CLAIMS PROCEDURES

Submission Requirements

All claims must be submitted within ninety (90) days of the date of treatment or discharge. Claims submitted after this deadline may be declined at the discretion of the insurer. The following documents are required for claim submission:

- Completed claim form signed by the policyholder
- Original receipts and invoices from the medical provider
- Referral letter from the attending physician (if applicable)
- Pre-authorisation confirmation (for elective and scheduled procedures)
- Discharge summary (for inpatient hospitalisation claims)
- Police report (for accident-related claims)
- Copy of the BHN card (if using BHN network providers)

Pre-Authorisation

Pre-authorisation is required for all elective surgical procedures, inpatient admissions exceeding 24 hours, and any treatment with an estimated cost exceeding HKD 50,000. Failure to obtain pre-authorisation may result in a reduction of benefits payable by up to 50%.

Claim Processing

Upon receipt of a complete claim submission, the insurer will process the claim within fifteen (15) business days. Claims requiring additional documentation or investigation may take up to forty-five (45) business days. The insurer reserves the right to request additional information or conduct independent medical reviews.

AUTO INSURANCE COVERAGE

Auto insurance coverage provides protection against financial losses arising from vehicle accidents, theft, and third-party liability. Coverage includes repair costs, replacement value, towing charges, and rental vehicle expenses during the repair period.

Accident Reporting

All vehicle accidents must be reported to the insurer within seventy-two (72) hours of the incident. A police report must be filed for all accidents involving injury, third-party property damage exceeding HKD 5,000, or suspected criminal activity.

EXCLUSIONS

The following conditions, treatments, and circumstances are excluded from coverage under this policy. No benefits shall be payable in respect of any claim arising directly or indirectly from the following:

1. Pre-existing conditions diagnosed or treated within twelve (12) months prior to the coverage start date, unless specifically declared and accepted by the insurer at the time of policy inception or renewal.
2. Cosmetic or aesthetic procedures, including but not limited to facelifts, liposuction, rhinoplasty, breast augmentation or reduction, hair transplantation, teeth whitening, and any surgery performed primarily to improve appearance rather than to restore function or treat a medical condition.
3. Experimental or investigational treatments, drugs, or medical devices that have not received regulatory approval from the relevant health authority in the jurisdiction where the treatment is administered.
4. Self-inflicted injuries, whether intentional or as a result of attempted suicide, or injuries sustained while under the influence of alcohol or non-prescribed controlled substances.
5. Injuries or illnesses arising from participation in professional sports, extreme sports (including but not limited to skydiving, bungee jumping, motor racing, mountaineering above 4,000 metres), or any hazardous recreational activity unless specifically covered by an additional rider.
6. Treatment obtained outside the policy territory without prior written approval from the insurer, except in cases of genuine medical emergency where treatment could not reasonably be delayed until return to the policy territory.
7. Dental treatment not specifically covered under the Dental Benefit or Network Dental Benefit, including but not limited to dental implants, veneers, and full mouth reconstruction, unless required as a direct result of an accidental injury.
8. War, civil unrest, terrorism, nuclear contamination, or any military action, whether declared or undeclared. This exclusion applies regardless of whether the insured person was a participant or bystander.
9. Treatment for alcohol or substance abuse, drug addiction, or rehabilitation programs related to chemical dependency, unless covered under a specific mental health and substance abuse rider.
10. Pregnancy, childbirth, miscarriage, abortion, prenatal and postnatal care, and any complications arising from pregnancy, unless the insured is covered under the Maternity Benefit and the treatment occurs after the applicable waiting period of ten (10) months from the coverage start date.
11. Routine health check-ups, vaccinations, and preventive screenings not specifically listed in the Clinical Benefit schedule, including annual physical examinations and wellness programmes.
12. Congenital conditions, birth defects, and hereditary diseases, unless manifesting for the first time after the coverage start date and not previously diagnosed or treated.
13. Work-related injuries or occupational diseases covered under any workers' compensation scheme, employer liability insurance, or government-mandated occupational health programme.
14. Treatment provided by a family member or any person who ordinarily resides with the insured, regardless of their medical qualifications.

15. Any claim where the insured has failed to follow the prescribed treatment plan of the attending physician, or has discharged themselves from hospital against medical advice, to the extent that such failure has contributed to the claimed condition or its worsening.

16. Hearing aids, spectacles, contact lenses, and other corrective visual or auditory devices, unless required as a direct result of an accidental injury occurring during the policy period.

17. Organ transplantation procedures and related expenses, including donor screening, organ procurement, and anti-rejection medication, unless specifically covered under the Supplementary Major Medical benefit with prior written approval.

18. Alternative medicine treatments including acupuncture, homeopathy, naturopathy, traditional Chinese medicine, chiropractic treatment, and osteopathy, unless administered by a licensed medical practitioner and pre-approved by the insurer.

19. Infertility treatments, assisted reproductive technologies including in-vitro fertilisation (IVF), intrauterine insemination (IUI), surrogacy arrangements, and any related hormonal therapy or diagnostic testing.

20. Travel-related claims including trip cancellation, luggage loss, travel delays, and medical evacuation, unless covered under a separate travel insurance rider attached to this policy.

GLOSSARY AND DEFINITIONS

The following terms shall have the meanings set out below when used in this policy document:

"Accident" means a sudden, unforeseen, and involuntary event caused by external means resulting in bodily injury, and which occurs independently of any illness or pre-existing condition of the insured.

"Benefit Schedule" means the table of benefits, limits, deductibles, and co-payment percentages applicable to each category of coverage as set out in the policy schedule issued to the policyholder.

"BHN Card" means the Benefit Healthcare Network identification card issued to the insured for use at participating network healthcare providers, enabling direct billing and cashless claim settlement.

"Congenital Condition" means any medical condition, disease, or abnormality that is present at birth, whether diagnosed at the time of birth or subsequently, including but not limited to genetic disorders and birth defects.

"Coverage Start Date" means the date on which the insured's coverage under this policy commences, as specified in the policy schedule.

"Deductible" means the fixed amount or percentage of the claim that the insured must pay out of pocket before the insurer's liability begins.

"Elective Procedure" means any medical or surgical procedure that is scheduled in advance and is not required as an immediate response to a medical emergency.

"Hospital" means a licensed medical facility that provides inpatient care, has organised medical staff, provides 24-hour nursing services, and has facilities for diagnosis, treatment, and surgery.

"Maternity Benefit" means the specific coverage provision for pregnancy-related expenses, subject to the waiting period and conditions specified in this policy.

"Policy Territory" means the geographical area within which the insured is covered, as specified in the policy schedule. Unless otherwise stated, the policy territory is limited to Hong Kong SAR.

"Pre-existing Condition" means any illness, injury, disease, or physical condition for which symptoms existed, medical advice or treatment was received, or medication was prescribed within the twelve (12) months immediately preceding the coverage start date.

"Waiting Period" means the period of time from the coverage start date during which certain benefits are not payable, as specified in the benefit schedule for each applicable benefit category.
